New Sales Rep Opportunity

Are you looking to make some extra cash? Or get into a new lucrative career?

We offer an exclusive opportunity to become part of an up and coming contractor on the islands, and to make as much money as you limit yourself to.

What is the opportunity?

Roofing Solutions Hawaii specializes in insurance restoration. There was a severe hailstorm on March 9th of 2012 and a subsequent storm on January 5th, 2014. In addition there was a major windstorm February 14th, 2015. What does this mean to you? It means thousands of properties were damaged from hail and wind and will qualify for a new roof replacement paid for by the owner's insurance company policy.

We will teach you how to inspect for hail and wind damage, meet insurance adjusters on the roof and get approvals for replacement, and how to earn anywhere from \$35,000.00 to over \$100,000.00 a year selling roofs.

How do I get paid?

Find below a sliding pay scale and pick a starting point for your expertise level.

The Job	The Pay	What you do
Referrals	\$250.00 roofs 20 - 30 Squares \$500.00 roofs 30 - 60 Squares \$1000.00 roofs 60 Squares and up	Find a family member, friend or anyone who owns a property and line up a free inspection for us to see if they have damage. If they do, and we get a contract and do the work, we pay you the referral fee listed for the size of the house.
Sales Rep Level 1	5% of the contract price *	Contract an interested party whose roof you have inspected, and provide a diagram of the roof along with our take off form. Also meet the adjuster to gain replacement approval and we will take it from there. You will be paid once the job has been collected in full.
Sales Rep Level 2	8% of the contract price *	Contract an interested party whose roof you have inspected, and provide a diagram of the roof along with our take off form. Also meet the adjuster to gain replacement approval and supplement the project. Provide a labor and material breakdown and collect the payments. You will be paid once the job has been collected in full.
Sales Rep Level 3	10% of the contract price *	Contract an interested party whose roof you have inspected, and provide a diagram of the roof along with our take off form. Also meet the adjuster to gain replacement approval and supplement the project. Provide a labor and material breakdown and collect the payments. Handle the mortgage company endorsements and provide quality control on the project. You will be paid once the job has been collected in full.

* For reference an average contract price is \$30,000.00
